DATE : 10 APRIL 2017

SUBJECT : ALLEGED ILLUMINATI IN THE TOWN OF RUNDU

By the way of this media release the Namibian Police Force want to clear the air and distance itself from the unfounded message being circulating through social media, that the Namibian Police Force has informed people that "the illuminati is around in/our town of Rundu and that 25 people died at Katima Mulilo around 03h00 night time by picking a call from this number +264 816 66 966. If it calls you don't, take it please forward this to all your family and your friend that you love and don't want them to die".

The message is devoid of any truth, it is not from the Namibian Police Force, it should be noted that as a Police force we do not deal with cases relating to witchcraft and or illuminati. We therefore, appeal to the public and initiators of such information to desist from circulating such misleading and confusing information, and in the process tarnishing the good name and image of the Namibian Police Force. The Police are busy investigating the origin of the message in order to bring the culprit to book.
