MEDIA RELEASE
(For Immediate Release)

FAKE NEWS IN CIRCULATION:

The Namibian Police Force learnt about some information circulating on social media stating that; "The Namibian Police Force informs about illuminati around in the town of Rundu and that 25 people died at Katima Mulilo about 03h00 after allegedly picking calls from certain numbers and thus urging the nation not to pick such calls nor to forward the calls to families and friends as they may die".

The Namibian Police wishes to make it clear that this is recurring fake information aimed at misleading the Namibian nation. Please be informed that NAMPOL did not issue such a statement. Therefore, we dismiss such statement and regard it as false and misleading to the public.

The nation is hereby reminded that there is so much misleading information in circulation and therefore encouraged to verify and confirm information from the relevant authorities. Moreover, the nation is urged to desist from initiating and circulating untrue and misleading information on social media, which is aimed to confuse and bring panic among the people. Social media should be used responsibly.

Please help us educate and remind the Namibian nation.
